

Builder Pickup Guidelines

1. Work site must be within the City of Houston limits.
2. Items must be sorted out by material (i.e. separate piles of lumber, block, etc.).
3. All wood must be at least 4' long and denailed enough for safe handling
4. Brick and tile must be intact.
5. The materials must be easily accessible from the road.
6. There must be at least 2000 pounds of material available for pickup on each work site.
7. The Reuse Warehouse reserves the right to refuse to pickup any item or items.
8. The program is a pilot program. Program is subject to termination at any time.
9. Please contact 281-814-3324 if you are interested in participating in this pilot program.
